FOR IMMEDIATE RELEASE:

Northcross Group participates at 13th Annual Department of Energy Small Business Expo & Forum

Portland, Maine, June 2, 2014 — Northcross Group (NCG) is pleased to announce David Winger, Chief Technology Officer and Senior Security Consultant, will be presenting at the 13th Annual Small Business Expo in Tampa, Florida from June 10-12. The event is organized by the Department of Energy (DOE), Office of Small & Disadvantaged Business Utilization.

Mr. Winger has over 30 years of experience and is dedicated to delivering industry-standard and best practice solutions to clients with the objective to design, build, and implement value-added solutions. His background includes extensive military, software development, technology and executive management expertise. Mr. Winger addresses real world business needs and provides short and long term value to clients.

“Northcross Group is pleased that David Winger will be representing our firm at this important event. The Energy Sector is a critical sector in our economy and general way of life. David will be focusing his presentation on key cybersecurity challenges in the Energy sector,” says Christopher Bender, President of Northcross Group.

Over 1,200 attendees representing all levels of Federal, state, and local government agencies, as well as the small business community and large contractors, will be in attendance.

The DOE is the largest civilian contracting agency within the Federal government, spending over \$21.7 billion in contracts in FY 2013. According to Winger, the 13th Annual Forum & Expo is a great opportunity for small business owners and large companies to network and partner.

Northcross Group (NCG) is an integration and security firm with offices in Portland, Maine and Arlington, Virginia. NCG delivers highly complex initiatives bridging between technology and business to maximize ROI, ensure security, and compliance in highly regulated environments. NCG provides system and security services in the public and private sectors including healthcare, financial services, energy, and manufacturing.
