**FOR IMMEDIATE RELEASE:**

**NCG Presented at DrupalCon Barcelona 2015**

**Portland, Maine, September 25, 2015:** Northcross Group (NCG) Development Director Chris Porter delivered a one-day course for Drupal enthusiasts at DrupalCon Barcelona September 21-25, 2015. The course, entitled “Views from the Ground Up”, was specifically designed to teach participants how to use the views module. This beginner-level course consists of eight real-world views that are created with an increasing level of complexity, allowing students to better understand view functionality.

NCG uses Drupal in its solutions as part of its commitment to openness, standardization for development, and driving innovation and competitive advantage in how those common and interoperable tools are put to use.

“NCG is committed to the open source community by actively contributing and engaging with other community members. NCG is an Organizational Member of the Drupal Association and encourages the active engagement of our developers in the Drupal community,” said NCG President Christopher Bender.

DrupalCon is a global conference where Drupal enthusiasts and members of the Drupal community come together to learn, collaborate, and socialize. DrupalCons are held two to three times a year in different parts of the world and are organized under the auspices of the Drupal Association in conjunction with Drupal resources that are local to that particular conference. For more information on DrupalCon, including upcoming conferences, please visit [www.drupal.org/drupalcon](http://www.drupal.org/drupalcon).

Northcross Group is a system integration and security consulting firm that focuses on connecting people, data, security, and technology to support innovation and compliance.
