FOR IMMEDIATE RELEASE:

Northcross Group Presented at DrupalCon Ireland 2016

Portland, Maine, September 30, 2016: Northcross Group (NCG) continues its long-standing support of the Drupal community by participating in DrupalCon Dublin, held at the Convention Centre Dublin September 26-30, 2016.

NCG Development Director Chris Porter once again presented his popular “Views from the Ground Up” course, which is designed to help participants learn the fundamentals of working with views and how to customize displays, layouts, and admin areas to fit their own needs. NCG uses Drupal in its solutions as part of its commitment to openness, standardization for development, and driving innovation and competitive advantage in how those common and interoperable tools are put to use.

“NCG is looking to get more engaged in the local Drupal communities where we work. NCG will be taking a more active role in the New York, Maine, and Virginia chapters in the coming months,” said Porter.

DrupalCon is a global conference where Drupal developers, engineers, and other members of the Drupal community come together to learn, collaborate, and socialize. DrupalCons are held two to three times a year in different parts of the world and are organized under the auspices of the Drupal Association in conjunction with local Drupal resources to the particular conference. For more information on DrupalCon, including upcoming conferences, please visit www.drupal.org/drupalcon.

Northcross Group is a system integration and security consulting firm that focuses on connecting people, data, security, and technology to support innovation and compliance. Incorporated in 2006, NCG has offices in Portland, Maine and Arlington, Virginia. The NCG is comprised of highly skilled professionals that help organizations better leverage technology and data to drive business value with expertise and automated tools to empower the organization. For more information on NCG, visit www.northcrossgroup.com.
