FOR IMMEDIATE RELEASE:

NCG Celebrates 10 Years

Portland, Maine, January 9, 2016: Northcross Group is proud to be celebrating the 10-year anniversary of its incorporation in the state of Maine. The firm was established to provide services that effectively weave technology and business capabilities together to meet complex business challenges.

“Through the past 10 years we have had opportunity to be part of incredible changes in technology, the development of new standards and frameworks to better align business and technology, and the growing understanding of the role security plays in all aspects of operations. As our team has grown and the breadth of our experience increased, we have had the privilege to work with great clients taking on new challenges. Our shared success attests to the value of the services we deliver. We look forward to the next 10 years,” remarked Christopher Bender, NCG President.

Headquartered in the historic Old Port in Portland, and with an office in the metro D.C. area, NCG offers a broad range of business and technology services, including cybersecurity analysis, business process re-engineering, and mergers and acquisitions expertise. Since 2006, NCG has grown substantially. The firm services clients from a variety of sectors, including health care, banking, and federal agencies. NCG is poised to build on the success of the past 10 years in the technology and business sectors by continually leveraging and developing cutting-edge tools and strategies to assist its clients in meeting their rapidly changing regulatory and business requirements.

Northcross Group is a system integration and security consulting firm that focuses on connecting people, data, security, and technology to support innovation and compliance. The NCG is comprised of highly skilled professionals that help organizations better leverage technology and data to drive business value with expertise and automated tools to empower the organization.
